Due to the overall capacity of the event, we will have to limit the invitations to a limited number of individuals, but the exact numbers will of course depend on the overall interest. We welcome DHIS 2 implementers from all organizational forms, whether government, NGOs, private sector, independent consultants or others in Nigeria. Participants should be based or work in Nigeria. Admission will also be open to few other interested participants (English Speaking) from other West African countries if slots are available.

Experienced DHIS2 trainers will share the latest features and customization approaches and help you to make your DHIS 2 implementation a success.
